What can Cimas do for you?

Are you looking for a compassionate and skilled provider of services to help you or a loved one stay at home for longer? If you do, then we invite you to consider Cimas Home Nursing Service.

Cimas is a unique combination of in home care for daily living activities and health care support. We can offer respite, home support, personal care, transport to appointments and a whole range of nursing services including dementia care and palliative care. With a focus on helping those with intermediate to high level needs.

We are an approved Aged Care Provider and deliver services under the subsidised in Home Care Package Program, or we are able to negotiate if you have not applied for a Package.

Our Mission:

Our mission is to improve the quality of life for frail or older people in the Ipswich community.

We are keen to help you though this journey starting with a **FREE** in home consultation then by helping you create a plan of care through your choices.

FREE HOME CONSULTATION INCLUDES:

HOME SAFETY: A home safety and risk assessment at the house if required

COST ADVICE: How to access ALL aged care services available to you and your family. Obligation free quote for your chosen services

YOUR OPTIONS: Information on how to create a care plan to suit your needs or how to alter your current care plan. Information on how to make your wishes known to your family and health services in an Advance Care Plan

PLAN AHEAD: Not sure how much time or how many days you need? It may be less than you think.
