

CiMaS HOME CARE PACKAGE PRICING

- Basic Daily Fee - this is an optional fee charged by providers and equates to 17.5% of the Aged Pension. CiMaS waives this fee for Home Care Package clients.
- Income Tested Fee - This is a contribution that you pay for services you receive that is based on what you earn and is determined by the Government. If you are not in receipt of a full Aged Care or Defence Services pension you will need to submit an income test form to Centrelink. The Government will determine how much they will pay of the Home Care Package and how much you will be asked to pay.
- Home Care Package Fees - CiMaS Home Care Package fees are listed below: All Home Care Package clients are subject to the Package Management Fees.
- Care Management Fees - Care Management fees are also listed below. Our care coordination services are our way of providing personalised care for you that takes into account your, social, physical, and health needs. The amount you pay for Care Management can be negotiated if you feel you do not need this, however, the amount can never be below 5% of the package as we will always have legal requirements to manage a Home Care Agreement that details the services that you need.
